CYBERSECURITY
ASSOCIATION OF PENNSYLVANIA

WHY JOIN THE ASSOCIATION?

Who we are?

Established in 2020, the Cybersecurity Association of Pennsylvania (PennCyber) is a 501(c)(4) non-profit organization dedicated to uniting cybersecurity professionals across the Commonwealth and neighboring states. Our mission is to empower individuals and organizations with the knowledge and resources needed to protect against cyber threats, fostering a collaborative environment for sharing insights, developing skills, and advocating for policies that enhance cybersecurity resilience.

2025: A Year of Reboot and Refocus

As we enter 2025, PennCyber is recommitting to our mission with renewed vigor. Recognizing the evolving landscape of cyber threats, we are enhancing our efforts to provide tailored cybersecurity education, timely threat intelligence, and expert guidance to students, professionals, and business owners throughout Pennsylvania. Our goal is to build a safer digital future for the state by addressing the increasing sophistication of cyberattacks and the critical need for robust cybersecurity measures.

Why Join the Cybersecurity Association of Pennsylvania?

The Cybersecurity Association of Pennsylvania (PennCyber) is dedicated to uniting the cybersecurity community across the state. Founded in 2020 during the global pandemic, PennCyber was established in response to the growing need for collaboration, communication, and education in combating cyber threats.

Key Reasons to Join:

- **Tailored Cybersecurity Education:** PennCyber offers resources and training specifically designed for students, professionals, and business owners to enhance their understanding of cybersecurity principles and practices.

- **Timely Threat Intelligence:** Members receive regular updates on the latest cyber threats, ensuring they stay informed and prepared to mitigate risks.

- **Expert Guidance for Businesses:** PennCyber provides practical advice to business owners on the types of cybersecurity services and strategies needed to protect their operations and data.

Addressing a Critical Need:

The surge in cyberattacks during the pandemic highlighted the urgent need for a unified effort to improve cybersecurity awareness. PennCyber fills this gap in Pennsylvania, advocating for stronger collaboration and empowering members to face the ever-evolving challenges of the digital landscape.

By joining PennCyber, you become part of a growing community working together to combat cybercrime and safeguard the networks, data, and systems critical to Pennsylvania's individuals, businesses, and institutions.

MEMBERSHIP OPTIONS

Individual

The CyberSecurity Association of Pennsylvania was built for individuals to join and grow within the community. Individual memberships receive access to exclusive member only services, free or discounted access to virtual and live events, personal development opportunities, and the ability to network with the largest community of Cyber Security professionals across the Commonwealth.
